## France Holds A-Test Under Mr. K's Nose

By RICHARD K. O'MALLEY

PARIS (AP)—France today held its second nuclear test explosion under the nose of Soviet Premier Nikita Khrushchev.

The blast in the western Sahara constituted another pointed French rebuff for the Soviet Premier, meeting today and Saturday with President Charles de Gaulle outside Paris for final talks.

Khrushchev leaves for Moscow Sunday.

In the past two days Khrushchev had twice spoken out against further nuclear explosions by any nation, including France.

De Gaulle in effect rejected the Soviet Premier's call, just as he earlier contradicted Khrushchev's contention that West Germany is bent on new aggression to avenge the World War II defeat.

The explosion also underlined De Gaulle's insistence that the Soviet Union as well as the Western allies recognize France as their equal in world councils.

There was no immediate public reaction from Khrushchev, who Continued on Page Six

## Rackets Committee Out of Existence

WASHINGTON (AP)—The Senate Rackets Committee is dead today at the age of three.

But some senators, notably its chairman, John L. McClellan (D-Ark.), have hopes of reviving it.

In a final report to the Senate yesterday, the committee said its mission had been fulfilled with the passage of the labor-management anticorruption bill last fall.

The committee went out of existence at midnight.

McClellan had asked that it be kept alive for another 10 months, or that its duties be transferred to another committee heads. That and other moves to keep it going are still hanging in the air.

## Department Store Sales Are Down

ST. LOUIS (AP)—Department store sales in the Eighth Federal Reserve district last week were down an estimated seven per cent from the comparable period of one year ago, which was the week immediately preceding Easter.

The downturn in sales averaged an estimated 16 per cent at Menards and 10 per cent at Little Rock.

## Legislature Goes Against Rockefeller

By ROBERT T. GRAY

ALBANY, N. Y. (AP)—Gov. Nelson A. Rockefeller suffered a series of legislative setbacks at the hands of his own party today, as the New York Legislature closed its 1960 session.

The Republican-controlled Legislature killed the governor's plan for curbs on racial bias in private housing and rejected even a weakened version of his plan for shelters to protect residents against fallout from nuclear attack.

These were the governor's major losses as the legislators ended a session marked by unusual strife for an administration that has its own party dominating the Legislature. One of the problems of the liberal-minded Rockefeller was a conservative faction.

But there were victories, too, in this second gubernatorial year for the political novice who had presidential aspirations but abandoned any campaign for the GOP nomination after tours last fall convinced him the nation's party leaders favored Vice President Richard M. Nixon.

Rockefeller's office pointed out that 149 of 162 bills introduced for the governor had been approved. These included his highway safety, juvenile delinquency, mental health, atomic development, local government, reorganization, and public works programs.

The Legislature also approved his pay-as-you-go plan for the next year beginning today, but added nearly 50 million dollars to the budget. State spending in the 1960 fiscal year will total \$2,450,000,000.

## Will Robinson, 79, Dies at His Home Near Hope

Will Robinson, aged 79, died Thursday at his home near Hope. He is survived by his wife, Mrs. Mary Robinson, four sons, Harry, Bud, and Ambrose Robinson of Hope, and Eugene Robinson of Houston, Texas. Two daughters, Mrs. Mary Quilan of Hope and Mrs. W. C. Campbell of Houston, also survive. Mrs. Fanny Cox of Carter, Okla.

Funeral services will be held Thursday at 2 p.m. Saturday at Providence to be held by the Rev. Floyd Clark. Burial will be in the Hickabee Cemetery.

## Flooded Area Braces for a Big Snowstorm

By THE ASSOCIATED PRESS

A storm carrying rain and snow headed into the Midwest's flood zone today, adding to the woes caused by high waters.

Thunderstorms broke in Missouri and southeastern Iowa. Rain fell in eastern South Dakota and Nebraska. Snow spread from North Dakota to Nebraska.

Hill City, Kan., was deluged by almost three inches of rain. Heavy snow warnings were issued for parts of the Dakotas, Nebraska and Minnesota.

The flood front stretched from the Missouri River Valley on the west to New York on the east. More than 6,000 persons were homeless.

The death toll rose to 10. It included three in Nebraska, three in Missouri, two in Illinois and one each in New York and South Dakota.

Rain hampered the fight against the flood in eastern Nebraska.

One dike gave way in Hooper, Neb., on the Elkhorn River, but two others were being built. About nine blocks of Hooper were inundated. Many of the 850 residents moved out.

Emergency dikes built by townspeople and 130 Midland College students held firm in Scribner, Neb., on the swollen Elkhorn.

The three big rivers of U. S. flood history—the Missouri, Mississippi and Ohio—were on the rise.

Sheriff John Fichter of Adams County on the Mississippi in Illinois ordered 200 persons to get out of their homes in the levee district northwest of Quincy.

The Burlington Railroad halted service through Canton, Mo., on the other side of the Mississippi, because of high water.

Rivers and streams began to recede in western Pennsylvania. Hardest hit was Meadville, where an overflow from French Creek covered sections of the city with icy water that was hip deep in some places.

The Allegheny and Monongahela rivers spilled into several low streets in Pittsburgh. The Ohio River reached a crest there.

The Mississippi appeared headed for a flash rise in the St. Louis area Saturday morning. Col. Charles B. Schweitzer, district engineer of the U. S. Army Corps of Engineers, said it was caused by ice damage to seven of the 119 Continued on Page Two

## Robot Weatherman Hurled Into Orbit, First Reports Good

By TOM OCHILTREE

GENEVA (AP)—A ban on nuclear test weapons appeared closer today than at any time since the United States, Britain and Russia began negotiating for a treaty 17 months ago. But months of hard bargaining probably still remained.

The next big move will come when Soviet Delegate Semyon Tsarapkin gives the full Soviet reaction to the Camp David plan worked out by President Eisenhower and British Prime Minister Harold Macmillan earlier this week.

Macmillan, reporting to the House of Commons in London on his visit to Eisenhower, said today he has hopes a test ban treaty will be concluded "within a reasonable time."

The British Prime Minister cautioned that "a number of important points—the length of the moratorium (on small underground explosions), the number of inspections, and others matters—will need considerable negotiation."

The Camp David plan calls for a ban on all nuclear explosions in the air, in the seas and on the ground, and on underground explosions above a certain size, following agreement on a control system, and for a moratorium of not too long duration on smaller underground explosions while scientific studies are made of ways to detect such underground blasts.

Tsarapkin Thursday described the plan as encouraging but said too many questions still were unanswered. He said he had referred the Western proposal to Moscow for study.

The three nations met again today, and Tsarapkin asked a series of questions on the Western plan. Western representatives made no immediate response but said they will study the Soviet questions.

There was no immediate comment from the British delegation. It was agreed here that a veto probably would result in a quick emergency meeting of the 22-nation General Assembly to deal with the "tornado" growing out of the South African segregation policies.

As the showdown in the council neared, violence continued in South Africa. One Negro was shot dead by police Thursday night, three others were wounded, and five policemen were injured.

Sporadic clashes broke out around Johannesburg as police charged bands of Negro demonstrators who stoned trains, streets and private automobiles.

The South African government has challenged the right to the U.N. to intervene. Its delegate, Bernardus Gerhardt Fourie, was to lead off today's debate in the Security Council. It was expected he would insist again that the race troubles are an internal matter.

## Golden Age Group Assists Lewisville

Local activity of the Senior Citizens group was accelerated this week with a delegation of six members from the Hope Golden Age Club going to Lewisville yesterday to assist in the organization of a Lafayette County Golden Age Club.

Eugene Cox, President of the local group, spoke briefly to the assembled group of 30 persons at the Lafayette County Courthouse at 2 p.m. Thursday. Others from Hope attending the meeting were Mrs. Paul Cobb, secretary of the Hope unit, and Mrs. A. G. Phillips, Mrs. Mark Vocum, Mrs. Katie Huffman and Mrs. J. B. Veartley.

The meeting was called by Mrs. Mattie Hackett, Stamps, District Chairman of the Governor's Commission on Aging. Other participants at the first meeting of the Lafayette group were Dr. M. Drury, member of the Governor's Commission from Camden and organizer of the Camden unit of Senior Citizens, Inc.

J. T. Bowden, Jr., of the Hope local office of the Employment Security Division, and Otis Blackwood of the Texarkana Social Security office were also program participants.

Mr. Cox was enthusiastic about the prospects for the Lafayette group and indicated that the local Senior Citizens group was active at this time in planning for the District meeting to be held in El Dorado on April 20 and for the State meeting to be held in Little Rock in June.

The next meeting of the Hope Golden Age Club is scheduled for Thursday, April 7, at which time delegates to the El Dorado meeting will be selected.

The Hope Kiwanis Club is one of the sponsoring civic groups behind the local club and President Henry Seaman of the local Kiwanis Club said that part of the proceeds from the 17th annual Kiwanis Minstrel to be held next Thursday and Friday, April 7 and 8, would be turned over to the Golden Age Club to carry on their program.

## Britain to Veto UN Center of South Africa

UNITED NATIONS, N.Y. (AP)—Britain was reported today to have told members of the U.N. Security Council it planned to veto a resolution taking South Africa to task for its racial policies.

This word came from diplomatic sources as the 11-nation Council approached a vote on the proposal submitted late Thursday by Ecuador. The resolution had the backing of the Asian and African nations.

There was no immediate comment from the British delegation. It was agreed here that a veto probably would result in a quick emergency meeting of the 22-nation General Assembly to deal with the "tornado" growing out of the South African segregation policies.

## U. S. Appeals to Russia to Join Ban

GENEVA (AP)—The United States appealed to the Soviet Union today to join in an immediate program to ban weapons of mass destruction from outer space before this problem reaches a point of no return.

U. S. Ambassador Frederick M. Eaton made the appeal to Soviet delegate Valerian Zorin at the 10-nation disarmament conference.

Eaton said at present only the United States and Soviet Union are involved, as other nations are not yet able to fire mass destruction weapons into space.

For this reason, he said, a "unique opportunity" exists now to make some arrangement between the two nations.

Eaton said the world had an opportunity in 1945 to head off a nuclear arms race but let it slip by. He declared a similar opportunity exists now—and may never come again—in the development of space weapons.

The American delegate pointed out there only two launching sites in the United States. The number in the Soviet Union is known to be small.

This means that no elaborate control machinery would be necessary to make sure any agreement was being kept, he said.

## Many Now Critical of Castro

NEW YORK (AP)—The people of Santiago de Cuba, cradle of Fidel Castro's revolution, are now looking at Castro with critical eyes, the New York Times said today.

Times correspondent R. Hart Phillips, in a dispatch from Cuba's second largest city, reported that the residents there—once Castro's most enthusiastic supporters—are beginning to have doubts and disillusionment over the revolutionary government's policies.

The Times listed these factors in the change of attitude:

Pronounced scarcities resulting from a lack of U. S. imports.

The organization of agricultural cooperatives instead of distribution of land titles to individual farmers.

A sharp rise in unemployment stemming from a slowdown in government work projects and lack of shipping activity in the city's harbor.

Spiraling food costs and new taxes, and

The raging controversy within the revolutionary ranks over Communist influence in the government.

Durban has experienced in the current racial crisis.

Today's marches started after a riotous day and night in African settlements stretching from Cape Town through the Atlantic and Indian Ocean port cities of Port Elizabeth and Durban.

There were casualties in skirmishes in settlements during the night and in some places houses, administration buildings and churches were burned. Buses were stoned as agitators tried to force other Africans to observe a work boycott.

Three separate columns of blacks marched out of Cato Manor settlement this morning but only one got through as soldiers and police with armored cars and rifles with fixed bayonets managed to stop or divert the others.

In Johannesburg, meanwhile, police announced the death of a Negro policeman from stab wounds suffered Thursday night. It was the second police death from these clashes.

At still another area, to the west, white police swung clubs and rifle butts in breaking up a crowd of about 1,400 marchers aiming to hand in their detested passbooks.

The Negro marchers headed into Hermannus, a coastal resort 50 miles east of Cape Town. The crowd, including some women, was warned by the police station.

WMU Circle 1 Meets  
With Mrs. John McRae

WMU Circle 1 of the First Baptist Church met Monday in the home of Mrs. John McRae with seven members present.

Mrs. Mettie Robinson, chairman called the meeting to order and

commander to disperse. They returned, and police charged.

The passbook demonstration sprang from the original protest against the South African government's white supremacy policies that erupted into riots March 21, when 72 Negroes were killed by police gunfire.

Militant Negro leaders demanded an end to the passes all non-whites had to carry. They mapped a campaign for thousands of Negroes to be arrested for not carrying their passes. After the violence broke out, the pass laws were temporarily suspended.

Mrs. Roy Stinton led in prayer following the business session. Mrs. Stinton assisted by Mrs. Frazella and Mrs. McRae, presented the Royal Service program on "Up To You." The closing prayer was voiced by Mrs. Robinson.

The hostess served a salad course and Russian Tea.

WSCS Concludes Study  
WSCS of the First Methodist Church met Monday in the educational building to conclude the mission study on "Africa."

Mrs. H. H. McKenzie, chairman presided. The devotional was given by Miss Carol Scott and Mrs. Lloyd Haynie. A review of a booklet "Comes The Dawn" was given by Mrs. J. B. Hesterly. Mrs. McKenzie gave the final chapter of the study and closed the meeting with prayer.

gates on the Keokuk, Iowa, power plant on the upper Mississippi. A spokesman for the company operating the power plant said the heavy ice gorges caused about \$60,000 damage to the dam. Some of the huge masses of ice were nearly an acre wide and 15 inches thick.

The Missouri, fed by swollen rivers and streams in hard-hit Nebraska and Iowa, was causing some trouble. Tributaries of the Missouri continued overflowing in both states.

The big Ohio River also caused some worry as it spilled over its banks in sections of Pennsylvania, including Pittsburgh, and in Maryland.

In Meadville, Pa., flood waters from French Creek surrounded between 800 and 900 homes. Several families were moved to higher levels.

More than 1,500 persons were forced from their homes by flood waters in Illinois, more than half of them in areas north of Chicago where the Des Plaines River overflowed. High water also forced evacuations farther west in the Rockford and Freeport areas seen in the central section near Springfield.

In West Virginia, the Ohio spilled over at New Cumberland, chasing 400 persons to the higher ground.

Some 600 of the 1,800 residents of East Ruinelle, W. Va., were made temporarily homeless by the flooding Meadow River.

Strong winds, rain and some hail hit the central Plains during the night. The winds kicked up dust storms from eastern New Mexico across western Texas and into parts of Oklahoma. Thunderstorms rumbled across sections of Kansas and Oklahoma. Thunderstorms and rains were indicated throughout the Mississippi Valley, the Gulf States, the Tennessee and the Ohio Valleys, spreading into the Atlantic coastal states by tonight.

on its cameras.

The satellite's job is to take pictures of the cloudy cover over the earth during its movements around the earth.

Dr. T. Keith Glennan, space agency administrator, in announcing that the satellite had achieved a successful orbit, officially named the space vehicle "Tiro I."

It was aimed at an orbit about 400 miles high, with a life of about three months.

Officials reported that all three stages of the Thor-Able booster rocket performed perfectly, and the satellite separated from the third stage right on schedule.

Roaring a steady stream of red-orange flame from its 165,000-pound thrust engine, the 90-foot rocket lifted from its pad and raced into the early morning sky.

The satellite—called Tiro I—contains two television cameras to take still photographs of the earth's cloud cover from above. If successful, it will furnish meteorologists with enough pictures to reconstruct cloud patterns over a large portion of the earth. The comparison of the pictures with ground observations will make it possible to relate certain cloud formations to cold fronts, storms and other phenomena.

If Tiro I remains in orbit 90 days as anticipated, it could prove useful in supplying information on hurricanes spawned in the Caribbean. The hurricane season starts in June.

The space agency emphasized that Tiro I is only an experiment at meteorological satellite—one of two to be launched this year. The second, expected late this summer, will be a more sophisticated model which will carry infra-red radiation detectors to map relative temperatures of the earth's surface.

# Siebern at First Is Helping the Kansas City A's

By JIM KENSIL  
Associated Press Sports Writer

Norm Siebern became a sun-shine in the New York Yankees' outfield his batting began to fade. Now the 26-year-old left-handed batter is on first base for the Kansas City Athletics, and he's hitting a .373 with team-leading spring totals of 4 home runs and 20 RBIs.

Manager Bob Elliott put Norm on first for the first time Thursday and the ex-Yankee responded with a homer, a double and three runs batted in as the A's defeated the Baltimore Orioles 5-1 at West Philly Tuesday.

When New York Manager Casey Stengel let Norm out of the doghouse late in the '59 season, Siebern played the final two games at first, fielding 1,000.

But his work in Yankee Stadium's treacherous left field was something else. Norm played in 134 games in 1959, his first year as a regular, and carried a .300 batting average into the World Series. Then Milwaukee fly balls, aided by high winds and a beaming sun, began dropping all over left field. Norm was benched.

Last year he hoped things would be different, but his outfielding became so unsure that his hitting followed suit. Stengel finally benched him.

Then the Yankees traded Siebern, Don Larsen, Hank Bauer and Mervyn Thrunberry to the A's for Kent Haulley, Joe DeMaestri and Roger Maris, the left fielder they wanted.

Norm promised he would hit right once he was away from the Yankees. If he continues, and he can play the bag, it will cost Thrunberry a job that had been virtually handed to him by the A's who had a collection of four unimpressive first basemen last year.

Hadley homered for the Yankees Thursday, as did Tony Kubek, but that was all for New York as the Detroit Tigers tore into Mark Freeman for four first inning runs in a 5-2 victory at Lakeland.

In other Florida games, the St. Louis Cardinals moved to the top of the exhibition standings with a 7-5 triumph over the Pittsburgh Pirates at St. Petersburg, and the Milwaukee Braves edged the Washington Senators 7-6 at Orlando.

In Arizona, the Chicago Cubs shaded the Boston Red Sox 4-3 at Mesa, and the Cleveland Indians rallied to whip the San Francisco Giants, 11-10 at Tucson.

Cincinnati, Philadelphia, Los Angeles and the Chicago White Sox were not scheduled.

# Polo Is One Sport That's Vanishing

By WILL GRIMSLEY  
Associated Press Sports Writer

NEW YORK (AP)—Polo, once the grandiose sports of the Golden 20s is gasping for breath in its U.S. birthplace Long Island.

It is about to become the victim of changing times (teeming, housing developments, super highways and 14-handicap golfers who don't like to be disturbed when they putt).

Roy Moriarity, a young New York motion picture executive who is an official of the U.S. Polo Assn., said today he didn't know how long he could keep the game going at Meadow Brook, one of the world's most famous playing fields.

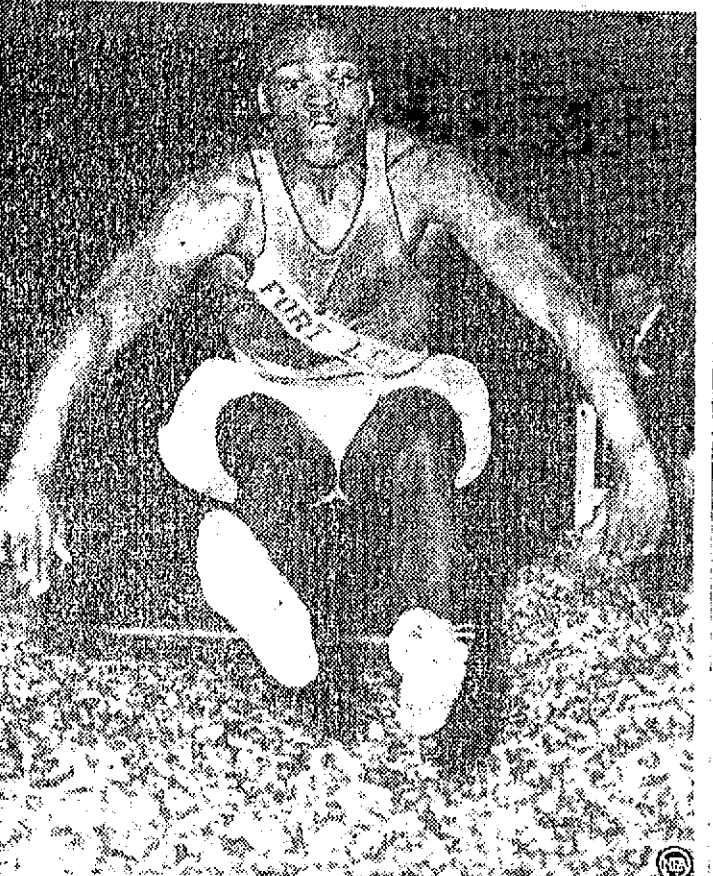

"We play on Saturday afternoons during the summer," Moriarity explained. "The public address system annoys the golfers who are playing on the nearby course. They are complaining about the noise."

Because the polo field at Meadow Brook no longer pays its way, some members of the club are reported anxious to sell it.

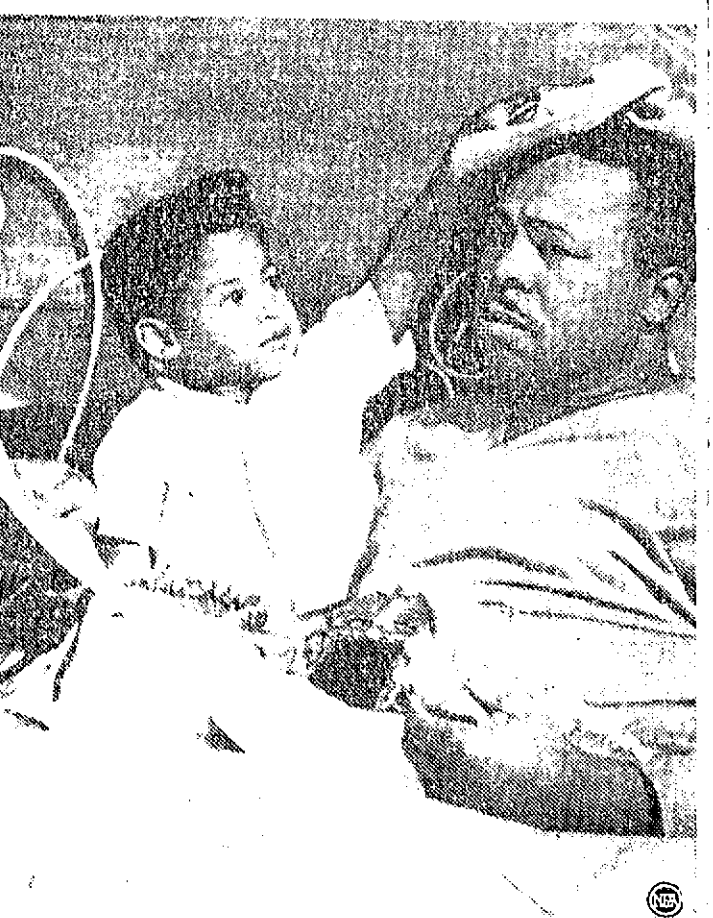

The present polo field is not the original which once stood under the hooves of galloping ponies and the blasts from five sticks of such giants as Devereaux Milburn, Tommy Hitchcock, Winston Guest, Cecil Smith and the glamorous

WHAT, NO CHARIOT?—Yogi Berra, Yankee catcher, resembles something out of Ben-Hur, but the cap is actually a new batting helmet.

THE RIGHT TRACK—Lt. Irvin (Bo) Robertson is on the right track with this form. He used it to break Jesse Owens' 25-year-old indoor broad jump record.

# 300 to Take Part in Meet at Memphis

MEMPHIS (AP)—High School athletes converge in the annual Memphis relay today with action in the college and university classes to come tomorrow.

About 300 high school boys and 200 college men were expected in the 25 event at the two-day track meet.

In early centuries, Na hane, East, Tenor, Miss, and Cantonville Mo. joined as the top high school squads. Most of the boys will be run tonight.

University and college competition was divided into two sections, one for schools of 2,000 or more students and the other for smaller schools.

In division two events, Ouga, Southwestern of Memphis, Arkansas State Teachers and Principal of Illinois will scramble for honors.

# Dressen Thinks Braves Better Than Dodgers

By JACK HAND  
Associated Press Sports Writer

BRADENTON, Fla. (AP)—"I'll tell you what I think about the Dodgers. I'd like to play them 151 games."

Chuck Dressen, Milwaukee's new manager, was speaking. As he was a coach for the world champion Los Angeles Dodgers last year, his ideas are worth repeating.

"I thought the Milwaukee club should have won last year," he said. "I thought it was a better club than the Dodgers. But I didn't tell the Los Angeles players that."

"They won only 86 games and took it all. I won't guess how many it will take to win it this year but if a couple of our pitchers wind up 20-0 and 10-0 we'll be better than when they each won 21 and lost 15 last year."

Dressen was talking about Warren Spahn and Lew Burdette who started a total of 75 games last year when the Braves tied the Dodgers and lost the pennant in two straight playoff games.

"I've got four pitchers who ought to win 60 games. No, I'm not going to name them. No other club in the league can put out four starters like that."

Red Schoendienst, making a comeback after recovering from tuberculosis, has surprised everybody. Dressen included.

"I never thought he'd play," said Dressen. "If I had to open the season tomorrow, he would be on second base, although he has had some arm trouble. I'll give him some rest when he needs it because we have young Chuck Cottier (.226 at Louisville) to step in."

Schoendienst, 37, appeared in only five games late last season after being sidelined by TB since the 1958 World Series.

Joe Adcock (.222) at first, Schoendienst at second, Johnny Logan (.291), backed up by Felix Mantilla (.215) at short and Eddie Mathews (.306 with 46 homers) at third are the infield.

Bill Bruton (.230) will be in center and Hank Aaron (.355) in right. Wes Covington (.279) probably will take over his old left field job from Lee Maye (.200). The fifth outfielder is Al Spangler (.227 at Louisville).

The catching is very thin behind Del Crandall (.257) who appeared in 150 games last year. Stan Lopata (.104) hooked on after drawing his release in the fall. The other man is Charlie Lau (.232 at Charleston and Louisville).

Dressen would like to deal for a catcher and outfielder. He has something on the fire that may pop before opening day.

Spahn (.215) and Burdette (.215) of course, are the big men of the staff. Dressen is high on Carl Willey (.5-9), Juan Pizarro (.6-2) among the younger hurlers. He also expects great improvement in Joey Jay (.6-11). Those five men and Bob Buhl (.15-9) will get plenty of work. Bob Rush (.5-6) can handle spot starts. To help Don McMahon (.5-3) in the bullpen.

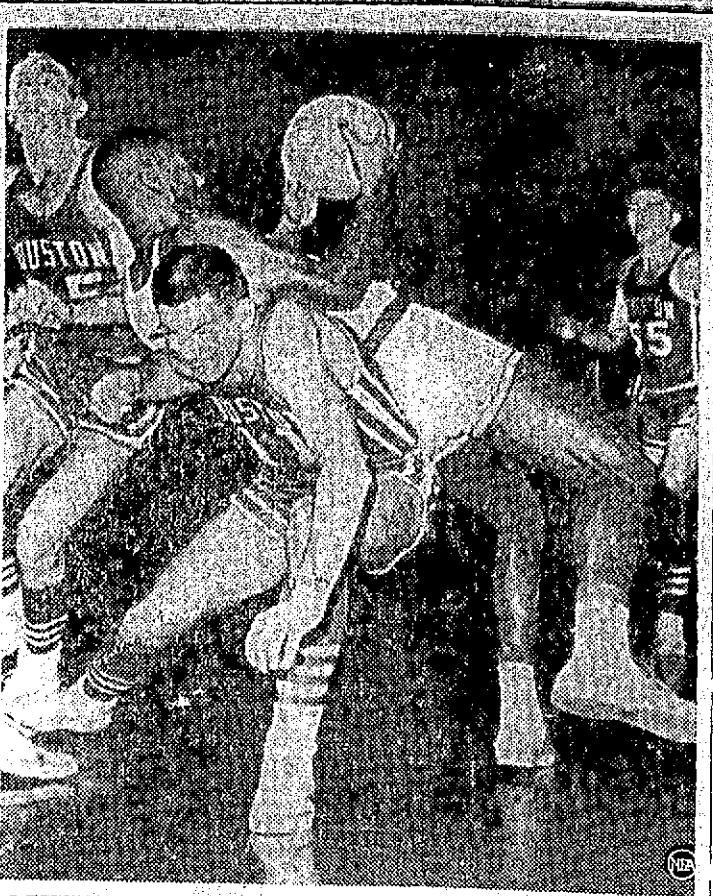

Dressen has been taking a long look at Ken Mackenzie (.6-2 at Louisville) a young left-hander from Yale who still on the Louisville roster.

# Kansas State Licks Arkansas

JONESBORO, Ark. (AP)—Kansas State set Arkansas State's baseball team down yesterday for the third time in four starts, 7-4.

Dick Heiman went the route for will provide at least 5 but no Kansas State and Dale Harrison more than 7 of the 12 players that was the loser for Arkansas State in a relief role.

Kansas State's Joe Bader collected three hits.

GETTING A TUMBLE—Oscar Robertson, the "scoringest" basketball player in college history, gets his feet cut out from under him by Norm Tuffil of Houston. And still it didn't stop Big "O."

# Small College Stars in Stunning Olympic Upset

By FRANK PITMAN

DENVER (AP)—The NAIA Small-College All-Stars dished up an astounding upset in the opening round of the U. S. Olympic Basketball Trials Thursday night with a 76-69 victory over NCAA champion Ohio State.

The Buckeyes simply couldn't match the all-around excellence of the All-Stars. State's All-American Jerry Lucas scored 12 points in the first half but faltered only a free throw in the second.

Ohio State held a 42-39 lead at the halfway point. Then Jackie Moreland, 6-8 Louisiana Tech ace, turned on the heat and scored 12 points in the small college team's comeback.

The favored NCAA University All-Stars, led by Oscar Robertson and three other All-Americans, play Akron's AAU veterans tonight in the second round of the tryouts.

Robertson scored 23 points and guided the NCAA All-Stars to a 90-79 triumph over Bartlesville (Okla.) AAU team in the first round of four games Thursday night at the Denver Coliseum.

Peoria's AAU champions rallied in the closing minutes to overcome the other team of NCAA stars, coached by Arad McCutchen, 91-89 in the hardest-fought contest of the first round.

Akron, runnerup to Peoria in last week's AAU tourney, conquered the Armed Forces All-Stars 83-76.

Peoria meets the NAIA All-Stars in the second round tonight. Robertson and the others making up the NCAA University out-coached by Pete Newell of California were the talk of the town after handling Bartlesville with such ease.

The NCAA defensive experts—California's Darrall Imhoff, Indiana's Walt Bellamy and Robertson—blocked Bartlesville from inside shots and the Oklahomans couldn't find the range from outside.

The NAIA team, coached by Milton Jowers of Southwest Texas State, surprised Ohio State with a solid team attack built around Charlie Sharp, 6-5 Southwest Texas State ace who hit 17 points, and Moreland.

All eight teams in the competition here are playing three games. The champion of the trials will provide at least 5 but no more than 7 of the 12 players that will make up the U. S. team going to Rome late this summer.

The others will be chosen at large from the teams here.

## Pro Playoff Resumes at St. Louis

ST. LOUIS (AP)—The National Basketball Assn. championship playoffs resume here Saturday afternoon and Red Auerbach, coach of the defending champion Boston Celtics, already has a word for the officials when his team takes the floor against the St. Louis Hawks.

Auerbach wants the whistle boys to keep a sharp eye on Clyde Lovellette of the Hawks when he gets anywhere near 6-10 Bill Russell of the Celtics.

Auerbach charges Lovellette with grabbing Russell particularly in Tuesday night's 113-103 Hawks' victory at Boston that tied the best-of-7 series at 1-1.

The fourth game will be played Sunday afternoon and, like Saturday's game, will be nationally televised.

## Mississippi Joins Hog Staff

FAYETTEVILLE, Ark. (AP)—Jack Davis, Natchez, Miss., high school coach, has been hired by the University of Arkansas as an assistant football coach.

Head Coach Frank Broyles said Davis would handle Arkansas' B team program and would be on the scouting staff. He will replace Marvin Johnson, who resigned several weeks ago.

A graduate of the University of Mississippi, Davis has won 33, lost eight and tied two games in four years as head coach at Natchez.

## Ike Urged to Help Finish Integration

WASHINGTON (AP)—A panel from President Eisenhower's own conference on youth problems today urged him to throw the full weight of his office behind racial integration of all public schools.

A statement which said he showed a lack of executive leadership in the thorny issue was ruled out of order as editorial. It did not become part of the official record of the meeting.

The White House Conference on Children and Youth prepared to close up shop and go home for another 10 years after its 7,570 voting delegates had adopted about 700 far-ranging recommendations.

Those recommendations were to be summarized for the delegates in a closing general session today. They have no binding force, but become part of the conference record for later discussion by the state and local groups represented here.

The delegates went on record Thursday in warm support of the sit-in demonstrations being staged at segregated lunch counters by Negro students in the South.

They also asked federal and state action to reopen public schools which have been closed to avoid integration—a direct reference to Prince Edward County, Va.

These recommendations, for the most part, were passed with little or no objection from Southern delegates—but this was a procedural matter. Most Southerners, by personal choice, did not participate in the forum sessions where such matters were under discussion.

# Air of Fear Over Whites in S. Africa

By TOM HENSHAW  
AP Religion Writer

An air of fear hangs over the white people of the Union of South Africa.

And it was there long before the bloody white-Negro riots of the past two weeks.

So says the Rev. Dr. Everett C. Parker, a Congregational Christian minister who was in South Africa last fall filming a motion picture on missionary work.

The white population of South Africa is divided into two parts—those of British descent and those of Dutch extraction, both of whom favor white domination.

"The British I talked to feel that a Negro uprising and eventual Negro rule is inevitable," says the Rev. Dr. Parker. "They fear it; they worry about it; but they feel sure it will happen sooner or later."

"But the Dutch—the Afrikaansers—appear to believe that they can go on indefinitely separating the Negroes and the whites, with each race developing to its fullest extent in its own areas."

"Some Afrikaansers sincerely believe that whites are superior to Negroes."

"A minister of the Dutch Reformed Church opened his Bible for me and turned to Genesis 9:25—'Cursed be Canaan; a servant of servants shall he be to his brethren.' Canaan, of course, was the Negro race."

"That minister was not an unkind man; he was not out to destroy the Negroes. But in his heart he just did not believe Negroes are competent to control things in modern society."

The greater part of the Dutch Reformed Church in South Africa strongly backs apartheid, the South African version of strict segregation of the races. Most other South African churches have spoken out against it.

American Congregational missionaries have been in South Africa since 1835, working in schools and hospitals for the native Negroes, particularly the Zulu tribes.

"Neither the church nor the government objects to our working with them," says the Rev. Dr. Parker. "But some of the important things the missionaries do gradually are being cut off."

"We've had to close our 100-year-old Adams College, where we trained Negro ministers and teachers. We were not forced to close it but conditions made it legally impossible to operate."

There are about 29 Congregational missionaries operating in South Africa. The denomination has more than 100 schools and 1,000 self-supporting congregations with native ministers.

## Gas Station Blast Leaves Five Dead

AUBURN, N.Y. (AP)—A gasoline station blew up Wednesday night, killing five people.

The blast was so violent that all that remained where the cinder-block building had stood was a large pit filled with debris.

Two women, residents of an apartment building next door were injured.

Three of the dead were firemen who had been summoned to the station in downtown Auburn because of a gasoline odor. They and two employees were inside the building when it disintegrated.

The five bodies were recovered. Firemen said employees of the station had been using gasoline to wash a grease rack. However, firemen said it had not been determined what set off the explosion.

The dead firemen were Lt. Alfred Murphy, 52, John Searing, 27, and Anthony Contrera, 36. Also killed were Walter Ockenfels who operated the station for the R. J. Connor Oil Co., and John Bell, a Connor employee.

## Aid and Comfort

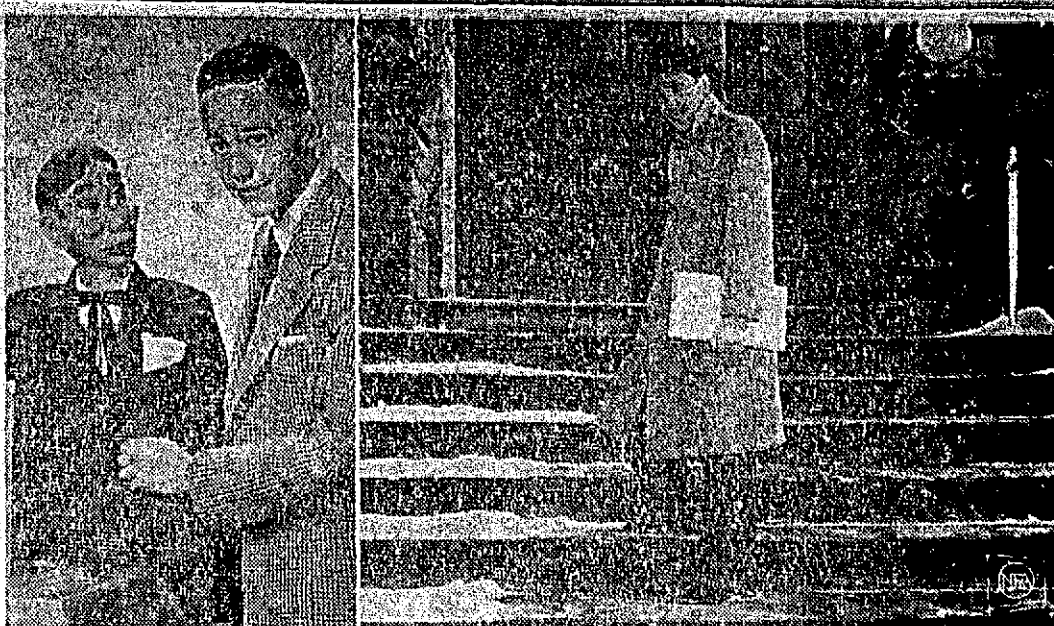

A young woman, a widow at 39, finds responsibilities of overwhelming proportions as she is forced to become the head of a family. Not only must she raise two children, but her friends need help and the young widow can scarcely bring about her own adjustment. Should the widow deal only with her own problems? Read.

**STAMMERER TO LAWYER**—Ventriloquism is an odd path to a law degree but for Phil Wein, 26, of Clarion, Pa., it was a happy choice. As a youth Wein stuttered. The exacting art of voice-throwing cured Phil's stammering, made him articulate, in fact. His ventriloquism act on TV, and at New York state resorts, paid him college expenses. Sylvester K. Pine III, pictured with Wein at left, above, is the star of the eight-dummy marriage Wein uses in his act. Wein, shown right entering courthouse, earned his law degree at the University of Pittsburgh Law School after graduation with high honors from Penn State University.

**GOOD OLD SKATES**—Though they're both 83 years old, Mr. and Mrs. David Atherton continue to skate. They have to, for transportation. They live on an island. Here they push their supply sled across the frozen St. Lawrence River from their home on Grindstone Island, Thousand Islands, to the town of Clayton, N.Y. Atherton uses skates he bought in 1909.

Chapter 35

"Your brother!" cried Bokker, almost reeling. "It was war—and even if it to fall in love with a man. Well, hadn't been, he was my brother. So you know. Only he's gone now. I wanted to get you out of Pawnee City before he came back. Good!" Trow was speaking deliberately, quietly, but he was easy on you and I—I don't want him to do that."

"He's coming back?" Bokker asked eagerly. "When?" "This morning—at noon. I wanted to get you on the train before—before—" she stopped, her eyes fixed on Bokker in shock. "I shouldn't have told you," she whispered. "I can see that awful look in your eyes again."

"Why is he coming back? Why did he leave before nine o'clock in the morning and why is he coming back at noon? Why doesn't he stay away?" "I—don't—know."

"I—don't—know," Bokker repeated, and clenching the magazine in his hand, strode out from behind the counter and out of the shop.

Setting down his book, he stepped down the sidewalk. He was past his office before he realized that he had put it off. Angerly, he whistled back. And then his eyes lit on the street. There was a crowd. Bokker was standing in the doorway of his office.

Bokker cut across the dusty street.

Trow watched him as he came up. He found a crowd of the crowd, almost about impersonal, but Bokker felt that Trow was aware of the magazine in his hand. Bokker was about to reach him when he heard the door open.

"So it was Shay!" Bokker snarled. "And you knew it all the time."

"I saw you come from her,"

the buyer!" "A respectable cattle buyer! Shay's a former guerrilla."

"You're talking about your friend," said the banker.

"He was never my friend. He knew I was after him and he worked on me to throw me off the track. He couldn't keep up the pretense any more and now he's coming out in the open—to rob your bank."

"No, he won't!" cried Chandler. "I'm ready for him. I'll take no chances. Even if you're wrong about Shay, I'll take no chances. I'll have Fletcher Trow—"

"Trow! Trow's in with him. Don't you understand? They're old friends—they rode together."

"Oh, I've heard those stories about Trow. As far as Pawnee City is concerned, Fletcher Trow is the best marshal we've ever had. What he did during the war—well, he's lived all that down."

Bokker stared at the banker in astonishment. "You still won't believe what I say? That those men were not guerrilla soldiers—they were no Confederates, fighting for a cause."

"Oh, come now, Bokker. . . ."

"Jesse James rode with Quantrell!" So did Cole Younger and all his brothers—and Frank James and the rest of the Missouri boys. Are they still fighting a war? Jesse James was a boy when Fletcher Trow was one of Quantrell's captains. Fletcher Trow gave orders to Jesse James and his crowd. And they're still together today.

Chandler, a man named Pierson's here, he was one of Quantrell's men. So was Charr McChen. He's here, too. They came together."

"I don't know," Chandler said. "I guess I don't understand. I've heard stories about you, Mr. Bokker. Oh, it's been whispered, but never—never more than one person's told me. They say you rode with Quantrell, too."

## NFL Plans to Continue TV Policy

CHICAGO (AP)—The National Football League will continue its past television policy of each club arranging its own program despite a possible package deal set up by the new American Football League.

Ending a two-day meeting Wednesday the NFL agreed unanimously not to negotiate any TV package "in view of present uncertainty of the legal interpretation of applicable federal laws."

Commissioner Pete Rozelle said serious consideration had been given to package TV because of financial benefits.

"It was argued that such an arrangement by a league or association involved exclusively and allocation of areas, and in view of the present uncertainty of the legal interpretation of applicable federal laws, no risk of violation should be taken until this matter is clarified," he added.

The AFL announced last week it had a 56-game TV package for sale to either the National Broadcasting Co. or the American Broadcasting Co.

AFL Commissioner Joe Ross said Wednesday night in Dallas he had not discussed a package with the networks and sponsors.

## Guards Plan Small Lake at Crowley

PARAGOULD, Ark. (AP)—A joint venture of the National Guard and the state Parks and Publicity Commission will result in a new 18-acre lake at Crowley's Ridge State Park near here.

The Commission is putting up the money—about \$2,000—and the 875th Heavy Construction Engineering Battalion, based at Jonesboro, is doing the work. The lake is expected to be finished in about a year.

Col. Frank Angelo, the Battalion's commander, said, "It's great training for us." Except for the work on the lake, he said, the unit would get to use its heavy machinery only at a two-week annual encampment.

Guardsmen will work on the half-mile earthen dam at regular drill periods each weekend and will be paid only for regular drill.

Angelo said the project has been stymied by wet weather for about a month, but "the plans are drawn and we're ready, say eager, to go."

Parks Director Bryan Stearns said it's a good deal for his department, too. "We're getting about \$25,000 worth of work for about \$2,000." That is the cost of transporting the engineers' equipment from Camp Robinson, where it normally is kept, to the park.

hands, the magazine with the evidence against him. He could show it to Joshua Chandler and it would do only one thing—it would make Chandler even surer that it was Bokker who was in the wrong.

He said, "I can't do any more, Mr. Chandler. I've said my piece. Don't trust Fletcher Trow—or anyone."

He turned and walked out of the banker's office.

## Killed Enroute to Wife's Funeral

BOWLING GREEN, Ohio (AP)—A Michigan man en route to Tennessee for his wife's funeral joined her in death Wednesday when his car smashed into a truck.

Jimmie McCall, 49, of Dearborn, Mich., was headed for Brim, Tenn., where Bessie McCall was to be buried, when his auto went out of control on a curve east of here on U.S. 6. Four passengers in the car were hurt—two of them McCall's teenage sons. The truck driver was uninjured.

## Says 'The Bat' Considered a Period Piece

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Attorney Joseph Welch suggested in a preface to Thursday night's new "Tour of Great Mysteries" series that we accept "The Bat" as a sort of period piece in the spirit with which we view early silent movies.

But even when forewarned, this NBC adaptation of a 35-year-old stage play by Mary Roberts Rinehart and Avery Hopwood was hard to take. An hour is pretty long for a spoof and "The Bat" was perfectly ridiculous and hardly a great mystery.

The plot, however, had a little of everything. Gallons of rain, flashes of lightning, screams, a fellow running around dressed like a bat, a comedy maid, an inscrutable oriental butler and bodies falling out of closets. The only virtue the show had was that the butler wasn't the villain.

Helen Hayes and Jason Robards Jr. among others, played it straight and worked hard. But do you know what Mr. Welch called the show? A who did it, that's what he called it.

CBS has tapped Sen. Stuart Symington of Missouri for its April 17 "Face the Nation" session—his debut as an avowed candidate for the Democratic nomination. The latest (Nielsen) ratings have our familiar favorites still up in the first places: "Wagon Train," "Gunsmoke," "I've Got a Secret."

One of the research firms now has decided that those enjoyable all-cartoon commercials "are the least effective kind." Apparently we chuckle, find them unobjectionable—but don't run out and buy the product. That Barbara Stanwyck anthology series which has been talked about for several seasons may finally materialize on NBC next season. "Person to Person" has an all-French but no France show for next Friday—Simone Signoret and husband Yves Montand and movie director Roger Vadim and wife Annette. However, one comes from Hollywood and the other was lapped in Rome.

Recommended tonight: Telephone Hour, NBC, 8:30-9:30—with Jose Iturbi, Gregor Piatigorsky, Jerome Hines, Nora Kaye and Mia Slavenska; "Lacy Meets the Mustache," CBS, 9-10—the final Lacy-Dessi comedy of a long series; Person to Person, CBS, 10:30-11—a visit to Vatican City.

## Cranberry Men to Get \$10 Million

WASHINGTON (AP)—The government is going to pay about 10 million dollars to cranberry growers who were unable to sell their contaminated berries after last fall's cancer scare.

Cranberry growers had asked 16 to 20 million dollars from the government for 1959 crop losses, and possible losses in the 1960 crop. They claimed there was no need for such a scare.

Emergency government loans already had been offered to growers who suffered losses because they were unable to sell their berries.

In announcing the payments Wednesday, the White House said the comptroller general had ruled them legally appropriate under a 1935 law.

## Phone Firms Ask for Rate Increase

LITTLE ROCK (AP)—The Southwestern States Telephone Co. today asked the state Public Service Commission for authority to raise \$4,000,000 in finance an expansion and improvement program.

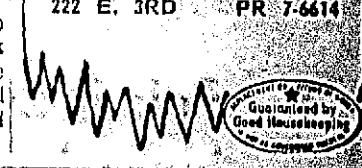

The Brownwood, Tex., firm said about \$1,400,000 of this amount would be spent in the 26 eastern and central Arkansas counties it serves.

The petition said the company plans to issue \$3,000,000 worth of bonds and sell 40,000 shares of \$25 per value common stock.

Parking meters in New York City add revenue of about 7 million dollars annually.

## NAACP Calls for Boycott at Little Rock

LITTLE ROCK (AP) — Little Rock Negroes have been asked by the NAACP to boycott eight downtown stores which maintain segregated lunch counters.

The Little Rock branch of the National Assn. for the Advancement of Colored People declared in a statement yesterday that the boycott was a "racial self-defense policy."

"A Negro who enters a store never knows when he will be accepted as a customer and served, or when he will be taken as a trespasser and arrested," the statement said.

The NAACP protests the fact that Negroes are encouraged to buy merchandise in various stores, but are turned away from their all-white lunch counter.

Negro college students held a sit-down demonstration March 10 at a chain store lunch counter. Five students who refused to leave when the counter was closed to all customers were fined and sentenced to jail terms. They have appealed.

The fines and sentences touched off a new series of demonstrations but no new arrests were made. Since then there have been no demonstrations.

The NAACP asked Negroes not to patronize F. W. Woolworth Co., Lane-Rexall Drug Store, Walgreen Drug Co., Economy Drug Store, Pfeifers of Arkansas, Blass, McClellan Variety Store and S. H. Kress Co.

VATICAN CITY (AP) — Pope John XXIII today appointed a new editor for L'Osservatore Romano and named Count Giuseppe Dalla Torre director emeritus of the Vatican newspaper that he has guided for 41 years. Dalla Torre's successor as editor (director) is Raimondo Manzini, who has been editor of the Catholic newspaper "L'Avvenire d'Italia" of Bologna.

## 65 - Auto Repair

LYNNHAVEN, Va. (AP) — Two women and four children died early today in a fire-swept frame home on Virginia's coast.

Firemen said the six, burned only slightly, apparently suffocated. The children ranged in age from 18 months to 5 years.

Victims were Mrs. J. C. Bohlander and two of her three children; a sister-in-law, and her two children. The husbands, both Navy men, were away at the time. The Daniel Bohlander family was visiting.

Mrs. J. C. Bohlander's eldest child, a boy of 9, survived the fire. Authorities said he was sleeping downstairs and discovered the flames.

He ran upstairs and tried unsuccessfully to rouse the others, then raced to a neighbor's home to summon help.

## Six Perish in Virginia Fire

LYNNHAVEN, Va. (AP) — Two women and four children died early today in a fire-swept frame home on Virginia's coast.

Firemen said the six, burned only slightly, apparently suffocated. The children ranged in age from 18 months to 5 years.

Victims were Mrs. J. C. Bohlander and two of her three children; a sister-in-law, and her two children. The husbands, both Navy men, were away at the time. The Daniel Bohlander family was visiting.

Mrs. J. C. Bohlander's eldest child, a boy of 9, survived the fire. Authorities said he was sleeping downstairs and discovered the flames.

He ran upstairs and tried unsuccessfully to rouse the others, then raced to a neighbor's home to summon help.

## Crestliner Promotes

MORRILTON, Ark. (AP) — G. C. McKenzie has been appointed sales manager for all four plants of Crestliner, outboard boat manufacturers.

Crestliner has plants in Virginia, Canada and Minnesota besides its Morrilton plant. It is one of the world's largest builders of outboards.

was secluded with De Gaulle at Rambouillet, the presidential chateau outside Paris.

Technical, scientific or cultural agreements may be announced before Khrushchev ends his 11-day state visit. But no French-Soviet political accord is expected. The Soviet Premier himself said after his first talks in Paris last week that he and De Gaulle were "at opposite poles" on international matters, and they were likely to remain there.

De Gaulle's government announced that the nuclear blast, just before dawn at the Reggane test site 1,500 miles south of Oran, was successful and all safety precautions were taken.

A communique said the device exploded was a plutonium bomb of much smaller size than the first French plutonium bomb set off Feb. 13 and of "limited power." The first bomb had a force of about 70,000 tons of TNT, about three times more powerful than the first U.S. atomic bomb dropped on Hiroshima in 1945.

The bomb presumably was mounted on a steel tower, as the first one was, and the government indicated France still does not have an atomic device portable enough to be dropped from a plane or propelled by a missile.

The communique said the second bomb "constituted a step toward miniaturization with the objective of preparing an operational weapon." It was further disclosed that a new system was used to create the "critical mass" which occurs when the components of the bomb combine to produce the blast.

The government said that the quantities used in accomplishing this were considerably less than those used in the earlier bomb.

After the first explosion, the French government announced it would push ahead with its program of atomic weapon development. The French also have said they would not be bound by any agreement for a nuclear test ban that might be reached by the United States, Britain and the Soviet Union at their Geneva talks until agreement also was reached on worldwide nuclear disarmament.

The second French test was no surprise. Weather experts had advised that if the explosion was not held before the start of the Sahara summer in May, the seasonal shift in the prevailing winds would force postponement until fall.

## Man to Testify in Murder Case

HARRISON, Ark. (AP) — Beverly Kirby was expected to testify in his own defense today as his first degree murder trial neared its conclusion.

The state completed its case yesterday after calling four law enforcement officers who testified as to their investigation of the shooting of J. Fon Moore on a Harrison street last summer.

Kirby is charged in the death. His first trial resulted in a hung jury. Mrs. Moore was acquitted of similar charges.

The jury was completed yesterday afternoon after three days of painstaking selection.

Six witnesses took the stand for the defense, including Kirby's mother, who did not testify at the first trial.

## Paragould Tech Board Resigns

PARAGOULD, Ark. (AP) — The seven-man board of the Tech School District resigned in a group last night as a result of a controversy over a proposed consolidation.

Before quitting, the board rescinded its order for abandonment of the Alexander School next fall and transfer of Alexander pupils to Lakeside.

It directed that both school operate next term.

The plan to consolidate the two schools had resulted in protests and circulation of petitions proposing recall of the board members.

It will be up to the Greene County Board of Education to appoint a new board for the Tech District, which takes in the county's rural schools.

The board members who resigned are Frank Robinson, Jack Cox, Tommy Ballard, Charlie Cupp, Weldon Miles, B. G. Horne and Ernie Fielder.

## NAACP Calls for Boycott at Little Rock

LITTLE ROCK (AP) - Little Rock Negroes have been asked by the NAACP to boycott eight downtown stores which maintain segregated lunch counters. The Little Rock branch of the National Assn. for the Advancement of Colored People declared in a statement yesterday that the boycott was a "racial self-defense policy."

"A Negro who enters a store never knows when he will be accepted as a customer and served, or when he will be taken as a trespasser and arrested," the statement said.

The NAACP protests the fact that Negroes are encouraged to buy merchandise in various stores, but are turned away from their all-white lunch counter. Negro college students held a sit-down demonstration March 10 at a chain store lunch counter. Five students who refused to leave when the counter was closed to all customers were fined and sentenced to jail terms. They have appealed.

The fines and sentences touched off a new series of demonstrations but no new arrests were made. Since then there have been no demonstrations. The NAACP asked Negroes not to patronize F. W. Woolworth Co., Lane-Rexall Drug Store, Walgreen Drug Co., Economy Drug Store, Pfeifers of Arkansas, Blass, McClellan Variety Store and S. H. Kress Co.

The second French test was no surprise. Weather experts had advised that if the explosion was not held before the start of the Sahara summer in May, the seasonal shift in the prevailing winds would force postponement until fall.

## Episcopal Group Lashes Sitdowns

FORREST CITY, Ark. (AP) - The chairman of a newly-organized Episcopal laymen's group yesterday criticized Negro "sit-in" demonstrations at segregated lunch counters.

Attorney Richard B. McCulloch Jr. issued a formal statement on the home screen.

He appealed to fellow churchmen to "resist encroachment by radicals upon the right of an individual to freedom of association."

McCulloch emphasized that his committee is not an official organization of the Episcopal Church.

He said, however, the committee is composed of active church members.

One national Episcopal group recently issued a statement approving the "sit-ins."

## Man to Testify in Murder Case

HARRISON, Ark. (AP) - Beverly Kirby was expected to testify in his own defense today as his first degree murder trial neared its conclusion.

The state completed its case yesterday after calling four law enforcement officers who testified as to their investigation of the shooting of J. Fon Moore on a Harrison street last summer.

Kirby is charged in the death. His first trial resulted in a hung jury. Mrs. Moore was acquitted of similar charges.

The jury was completed yesterday afternoon after three days of painstaking selection.

Six witnesses took the stand for the defense, including Kirby's mother, who did not testify at the first trial.

## Paragould Tech Board Resigns

PARAGOULD, Ark. (AP) - The seven-man board of the Tech School District resigned in a group last night as a result of a controversy over a proposed consolidation.

Before quitting, the board rescinded its order for abandonment of the Alexander School next fall and transfer of Alexander pupils to Lakeside.

It directed that both school operate next term.

The plan to consolidate the two schools had resulted in protests and circulation of petitions proposing recall of the board members.

It will be up to the Greene County Board of Education to appoint a new board for the Tech District, which takes in the county's rural schools.

The board members who resigned are Frank Robinson, Jack Cox, Tommy Ballard, Charlie Culp, Walton Miles, B. G. Horne and Ernie Fielder.

# Local Men Build Car of Their Own

THIS SHORT-COUPLED CAR FOR FISHING AND TRAILER duty was manufactured by four local men from several old automobiles — and now they are planning to turn out similar jobs because of the interest their first product has aroused.

STANDING BEHIND THE CAR LEFT TO RIGHT ARE: Alan Stuart of Stuart's Texaco Service Station, Third and Pine Sts.; and his associates, Tommy Dougan and Gene Gunnoe. A fourth man who helped in the car-building, Virgil Wildrock, was not available when the picture was made Thursday afternoon.

THE BASIC CAR FOR THIS REBUILDING JOB WAS A 1946 Nash 4-door 6-cylinder sedan purchased from Bert Rettig. The frame was cut and the wheelbase reduced to 72 inches. Transmission is a manual shift with overdrive. The bumpers came from an old Packard, and the seat from a Crosley. The men also built the trailer.

Land, Teacher.

WRITING ABOUT THE BIBLE

By WILLIAM E. GILROY, D.D.

For many years now I have been writing about the Bible. Recently I have been looking back over much that I have written and reviewing the purpose I have had in mind.

Journalism has been a large part of my ministerial life. At different times I have edited three weekly papers, and I have written a great deal for the so-called "secular," as well as for the religious press.

But writing about the Bible has not been primarily a journalistic matter; it has been a distinctive and valued part of my Christian ministry, above all a religious function as much as the years of

preaching and pastoral.

Writing about the Bible, as I see it, must be a religious, a Christian, function. It must be more than writing interesting articles about the Bible. The Bible is, as it has been called, "God's book for man's life." It is a book with a message and a purpose. That message and purpose must be always in view, if writing about the Bible is to be true to the Bible itself.

It would be possible to write articles of the greatest interest about the Bible, or about parts of the Bible, and yet never come near to expressing the Bible's supreme value—on its message of salvation, its teachings concerning the true way of life as found in its great saints and prophets, and above all in the teachings and example of Jesus.

The Bible is a book of manifold interest in its characters, incidents and events. It is full of drama. It is so much a book concerning man as well as supremely the book concerning God that it is possible, and easy to write entertainingly without ever coming near the Gospel of the grace of God, and the place of Jesus Christ, Savior, Teacher, and Master.

Writing about the Bible that misses that great end might be full of interest, but it would not be Biblical.

Yet that end may not be easy to achieve unless one has it very definitely in mind, unless one realizes that all roads in the Bible lead to Christ.

The reverse side of this is that all roads in the New Testament lead back to the Old—to Abraham, Moses, Joseph, the psalmists and prophets and to Kings David and Solomon. It is emphasized that Jesus was of "the lineage of David" (Luke 2:4).

In its intense honesty the Bible does not conceal that David committed adultery—and was a vir- tual murderer when he sent the husband he wronged to a sure death in battle. Nor does the honest Bible conceal the fact that Solomon "in all his glory" so contrasted with what had been said by those of "old times."

It is the goal, rather than the process, that must ever be in mind in writing about the Bible. The great, dominating fact is the Bible's supremacy as the book of must take all this into account, salvation, of righteousness, and try to fit the parts where truth, the book of the Gospel, they belong. We are too apt to forget that the Bible is not one it has been as a minister of the book, but many. It spans as gospel of Christ.

# Tighter Insurance Plan in May

LITTLE ROCK (AP)—State Insurance Commissioner Harvey Cornus says tighter regulations on credit life insurance, although they won't take effect until May 15, apparently have already limited some questionable practices.

Cornus said complaints about credit policies stopped coming in after he announced rules against writing of credit life policies on loans of less than \$50 or for less than 30 days.

The insurance is designed to protect a lender in case that a borrower dies.

Cornus acted after getting reports of high premiums — as much as \$2.50 a week on a \$10 loan — on some policies.

# Lumber Mill Burns at El Dorado

EL DORADO, Ark. (AP)—Fire swept the recently remodeled planing mill of the Bass-Clark Lumber Co. near here early today.

The 200 by 70 foot mill was leveled, its new equipment was destroyed, seven trucks, tractors and other pieces of equipment were ruined and approximately 100,000 feet of rough and finished lumber was burned.

Owners declined to estimate the monetary loss. They said some insurance was carried.

Origin of the fire, discovered by a nightwatchman, was not determined.

much as a thousand years, and pages of its historical books run red with the blood of feuds and wars (Consider Joab's murder of Amasa, II Samuel 20:9-10).

The variety of the Bible's many books emphasizes also the contrast of its various parts: the polygamy of earlier times and the monogamy of the New Testament, the progressive nature of man's knowledge of God, and of truth

and right. Jesus emphasized this in His "I say unto you," in contrast with what had been said by those of "old times."

It is the goal, rather than the process, that must ever be in mind in writing about the Bible. The great, dominating fact is the Bible's supremacy as the book of must take all this into account, salvation, of righteousness, and try to fit the parts where truth, the book of the Gospel, they belong. We are too apt to forget that the Bible is not one it has been as a minister of the book, but many. It spans as gospel of Christ.

Corvair "CAR OF THE YEAR" named

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue.
